Experience

Frontend Developer Trainee

TOPS Technologies, Ahmedabad, Gujarat

May 2025-Present

- Gained hands-on experience in frontend development using HTML, CSS, JavaScript, and React.js.
- Implemented component-based architecture and modern UI design principles.
- Worked with RESTful APIs, authentication workflows, and styling frameworks.
- Collaborated with peers using Git and GitHub for version control.

Projects

Shopper – E-commerce Platform — React

- Built a scalable e-commerce platform using React.js featuring product browsing, cart functionality, and admin management.
- Developed CRUD operations with Context API-based state management and implemented authentication using Local Storage.
- Consumed RESTful APIs and successfully deployed the application on Netlify for production use.
- Live Preview: <https://shopperspro.netlify.app/>

Medi Nest – Healthcare Website — React, Bootstrap

- Developed a modern healthcare web application with mobile-first and responsive layouts, enhancing accessibility across devices.
- Created reusable React components and applied Bootstrap styling to maintain a clean, consistent, and scalable UI.
- Live Preview: <https://medinestclone.netlify.app/>

Nivia Sport – Sports Website Clone — HTML, CSS

- Designed a multi-page sports website using semantic HTML and modern CSS techniques.
- Live Preview: <https://nivasportclone.netlify.app/>
